TABLE OF CONTENTS

- What is the major challenge faced by your organisation over the next couple of years:
- Are there any of the technologies we have talked about today which you consider could help with this challenge: (select all that apply)
- What are some of the barriers you might face when deploying these new technologies:
- Previously we asked you about your business challenges. Thinking about these, how do you plan to run your IT in the future to help you address these challenges?
- Which function/team in your organisation currently carries out a high volume of repetitive tasks?

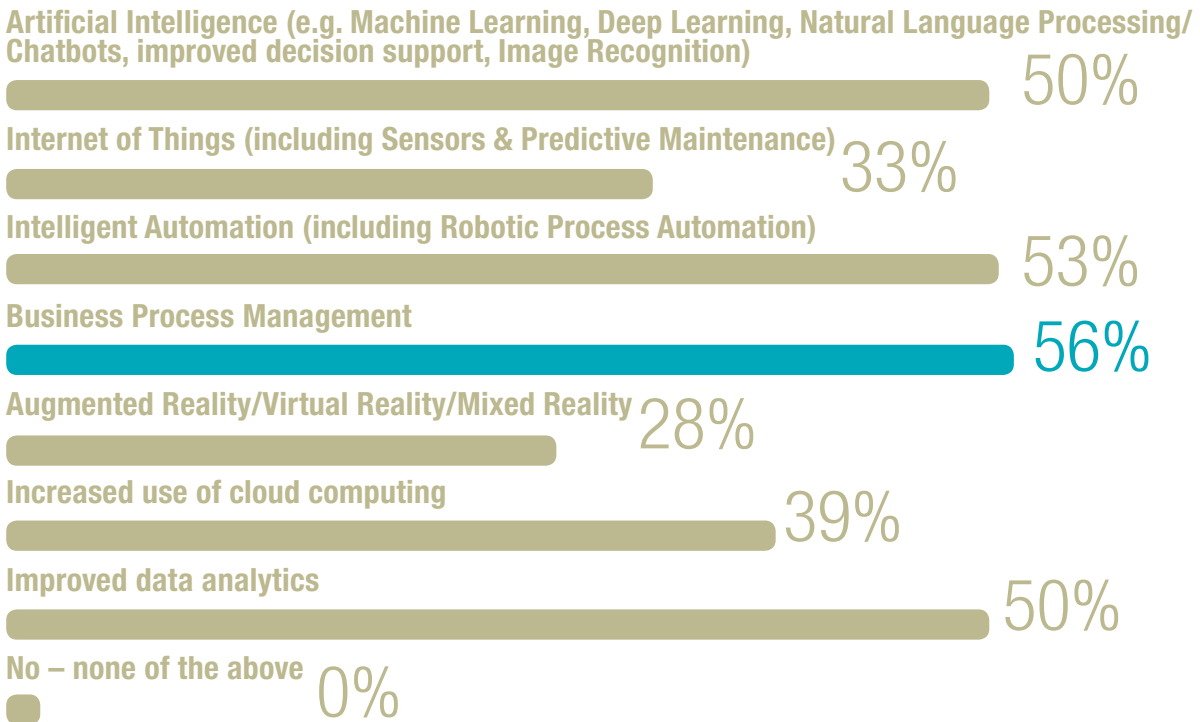

WHAT IS THE MAJOR CHALLENGE FACED BY YOUR ORGANISATION OVER THE NEXT COUPLE OF YEARS:
